

EL ALGARROBICO HOTEL: CAMPAIGN FOR SIGNATURES

THE DEMOLITION OF THE HOTEL EL ALGARROBICO IS BEING DELAYED:
SIGN SO THAT THE LAW BE ENFORCED AND IT BE DEMOLISHED NOW !

In Easter Week 2007 will start the collection of signatures to request the demolition of the Hotel El Algarrobo. It is a campaign organized by the Asociación de Amigos del Parque Natural Cabo de Gata-Ecolóxicistas en Acción. The object of this action is to remind the administrations involved that the citizens wish to see the law enforced, and therefore, observe how the hotel El Algarrobo is completely demolished.

The courts of Almería stopped the construction in February of 2006 and the President of the Region of Andalucía himself, Manuel Chaves, announced along with Fuensanta Coves, (the advisor on Environment), that the Junta de Andalucía was planning to use its privilege of "prior right of purchase", that is, to buy the land, and later demolish the hotel. Many citizens who had followed the development of this scandal in the press even thought that the process of demolition had begun.

But for the moment there is nothing...The hotel continues in place with its four cranes installed, prepared to continue the

construction and finish the job as soon as there is a favourable sentence.

And what is worse, we can observe tremendous confusion in the administrations which cast doubt as to their real intentions. That is, we see the Junta de Andalucía requesting in the courts, in the same manner as the Town Council of Carboneras and also the contractor Azata, that the boundaries of the coast protection zone be reduced from 100 meters to 50 meters, thereby saving the greater part of the hotel !!! Also, none of the Administrations recognizes publicly that the hotel is built right in the middle of a space protected by the current PORN of the Parque Natural de Cabo de Gata, as shown by the maps.

And meanwhile, months are passing by, and the seasons, and the first year since the construction was stopped...The subject progressively disappears from the press... However, we have not forgotten and we wish to demonstrate to the administrations that our fellow citizens have not forgotten either.
